

The United States. They are both remarkable good men, and are much esteemed. The reason of the arrest can only be conjectured.

We had barely got over considering the affair of the Cornelia, when the Child Harold, American bark, which had just arrived, was ordered by the Government to be unloaded with all dispatch, it having received information that sundry packages containing arms had been shipped on board of her at New York, and to make the seizure a cure, beside the usual custom house officers, two bodies of police were placed on board, the one being in uniform, the other in private clothes. The vessel was speedily discharged, but nothing unusual was found, much to the astonishment of the gaping LaZaroni that crowded round the vessel, expecting to see cannon, and other wonderful things, come out of her.

Serious Accident.

Our village (says the *Anderson Southern Rights Advocate*) was thrown into consternation on the morning of Wednesday, the 29th ult, by the upsetting and complete wreck of a carriage, in which were a party of ladies, consisting of an elderly lady, Mrs. Mary Mantz, Miss Kate P. Hobbs, and Miss Eugenia Lanham, all of Edgefield, and Miss Lizzie Pinnell, of Greenville. The horses became frightened at some object opposite the residence of Mr. Joel Towers, and dashed off at a rapid speed. The noseband became detached from the tongue of the carriage, and having no means of holding back, the horses were compelled to run to keep out of the way, there being a gentle declivity in the street. The driver jumped off, and the horses being permitted to go at pleasure, on turning the street near the old livery stable, fell into a gully and remained stationary.

The carriage was capsized and completely demolished—torn all to pieces. Miss Lanham was uninjured. Mrs. Mantz and Miss Pinnell were badly hurt, but are now in a fair way of recovery. Miss Hobbs was slightly injured, but is now up and able to attend school.

Health of Columbia.

We regret to learn that reports are circulated in the country which leave an impression that Columbia is sickly. We are not among those who would conceal the slightest indication of sickness, likely to prove dangerous to strangers, and we now positively assert, on the authority of practicing physicians, that Columbia has not been so healthy for many years—and its general health is almost proverbial—as it is the present season. There is little or no fever, and the deaths which have occurred have all been from specific causes, having no relation to the general salubrity of our town.—*Carolinian*.

A FRACAS IN A COURT ROOM.—The Cincinnati Republican states that a fracas occurred in the court room at Madison, Ind., a few days ago, between the Hon. Jesse D. Bright, U.S. Senator, and M. C. Garber, Esq., editor of the Madison Courier. Mr. Garber, being on the witness stand, it is said, insinuated that Mr. Bright was no gentleman, whereupon the latter hurled an inkstand at his head, which was returned by a blow from the editor's cane. The fight then became general, several others taking part in it, but quiet was finally restored, and the court fined on a dozen of them \$10 each.—*Balt. Sun*.

DEATH FROM DROWNING.—On sale day evening last Capt. H. Henry, of this District, in attempting to ford the river near this place, where the Newberry road crosses it, was thrown from his horse and drowned. Since the late freshet the ford has been impassable, and Capt. Henry, at the time of the accident, was unfortunately too much intoxicated to be aware of his danger or to save himself from his perilous attempt.—*Laurensville Herald*.

FATAL ACCIDENT.—We learn from the Chronicle and Sentinel that Mr. B. Palmer Tyler, of Graniteville, S. C., was accidentally killed at the Eagle and Phoenix Hotel, in Augusta, Ga., on Wednesday night, 29th ult, by either falling or jumping from the window of his room in the third story.—*Carolinian*.

HOMICIDES.—We understand that, on Friday last, a man by the name of Joseph Futrell was killed by Isaac Medlin. They had been at a barbecue somewhere on the Sand Hills. At another barbecue, given the same day, or the day previous, a difficulty occurred between two men, in which both were injured, one of them, it is thought, fatally.—*Ibid*.

DISCONTINUED.—The post office at Falmetto, Laurens District, has been discontinued.

NOMINATION.—A writer in the Evening News nominates Col. F. J. Moses for the office of Governor.

WE are requested to state that Divine service will be held in the Presbyterian Church at Lancaster, by the Rev. Mr. Douglas, on Sunday next, and at Waxhaw Church on the fifth Sunday of the present month.

OBITUARY.

DEPARTED this life, September 24, 1852, at his residence near Pickensville, Alabama, Maj. EVERARD CURTIS, in the 71st year of his age. He was a native of Virginia, but from early life resided in South Carolina, where he is extensively known, and much beloved; many relatives and friends in that State will mourn his decease. In the fall of 1851, he emigrated to this State, and spent the evening of his life in quiet retirement; declining all public participation in political questions and party strife, that might unfit his mind for reflection of a higher and holier nature. Perhaps few men have lived so long and made as few enemies.

AN OUNCE OF FACT, IS WORTH A POUND OF THEORY; and the swarm of conclusive facts that cluster round that incomparable preparation, Hoodland's German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, establishing its value as a tonic and restorative, are such as would prevent incredulity itself from questioning its efficacy. In all cases of diseases of the stomach, whether acute or chronic, it may be recommended for its soothing, cordial, and renovating influence. Dyspepsia, heartburn, loss of appetite, nausea, nervous tremors, relaxation, debility, &c. are relieved by the bitters in a very short space of time; and a perseverance in their use never fails to work a thorough cure.

ANOTHER SCIENTIFIC WONDER.
Important to Dyspepsia.—Dr. J. S. Houghton's Pepsin, The True Digestive Fluid, or Gastric Juice, prepared from Rennet or the Fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia. This is truly a wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, constipation and Debility, curing after Nature's own Method, by Nature's own Agent, the GASTRIC JUICE. Pamphlets, containing Scientific evidence of its value, furnished by Agents gratis. See notice among the medical advertisements. 21

E. T. TAYLOR & CO., MANUFACTURERS OF PREMIUM COTTON GINS, AND PATENT EXCELSIOR STRAW CUTTERS, Columbia, Ga.

THE Subscribers having completed important additions to their extensive Gin Manufacturing Works, and perfected in all respects the details of their celebrated Patent Excelsior Straw Cutters, and all others interested in the cultivation of Cotton, and the raising and feeding of stock, to the importance and advantage of using the above named Machine. On the subject of their PREMIUM COTTON GINS, little need be said to satisfy those who feel willing to be convinced of their superiority over those of any other manufactory, as evidenced by the numerous certificates to that effect from our most extensive Cotton Planters and cotton dealers, and in the premiums which have been uniformly awarded them by the various State Fairs and Agricultural Societies in Georgia and South Carolina, during the last five years. To all interested they would say they are prepared to supply on terms more reasonable than ever, any number of their Gins, all of which they fully warrant to give satisfaction with proper usage.

They would also call the attention of those interested in feeding stock, particularly to their newly invented Patent Excelsior Straw Cutter, manufactured up by themselves, and for sale by their authorized Agents in the principal Cities and Towns in the United States.—This Cutter they confidently offer as the most complete and effective machine for cutting hay, straw or fodder, ever invented. The objections which have been urged against all the straw and hay cutters heretofore used, viz: Slowness of operation and difficulty of keeping in repair, in this machine are entirely removed. As to its speed, they confidently assert that it would perform five hundred per cent. more than any other Cutter ever used. The knives are nineteen in number, of fine cast steel, presenting a cutting edge of thirty-seven and a half feet. As they are never brought in contact with anything but the straw or other material to be cut, they do not wear out the machine, or soon become dull. The whole of them can be sharpened in five minutes, without removing them from the machine. For the correctness of these assertions, they refer to any of their numerous patrons.

All orders received by letter, or through any of their Agents, will receive prompt attention; and any information cheerfully given, on application.
